## **Community Priorities for April 2022**

### **Reduce ASB - Improve the quality of life in the community**

During March, a number of reports of anti-social behaviour had been reported across both Wards with damage caused to residential and business properties alike. During the coming months local patrols will be tasked to conduct high visibility patrol within the areas in an attempt to deter ASB within the community as well as working with our key partners and the community to reduce anti-social behaviour. We provide proactive responses to reports of anti-social behaviour in our neighbourhood Area and are constantly reviewing our patrol strategy to address this. We are working hard with partners to address this and ensure our market towns and rural communities are a safe place to live and work

### **Preventing Residential Burglary**

Most burglars are not master criminals – they're opportunists. In nearly a third of all reported burglaries the residents

had left windows or a door open.

By taking some simple precautions you can make your home a safer place.

- Keep doors and windows locked even when you are at home
- Make your home appear occupied, at all times, by using timer switches
- Hide vehicle keys and don't leave valuables on display
- If you have a garage, use it to keep your car secure
